- Automatically updates
- All Ranges & Products featured

### Features

1. Product Images
2. Product Videos
3. Configuration Videos

# TrelliVerse Showroom App

[LIVE LINK](#)

## STEP 1

URL: [TrelliVerse Link](#)

Click on the **Start Button** to enter the program.

## STEP 2

Select the **dropdown arrow** to open up the navigation panel.

## STEP 3

Filter down your options. Start by selecting either **windows** or **doors** placement.

The image displays a modern interior with a large window featuring a wooden frame, looking out onto greenery. To the right, a sidebar menu is overlaid on the image. The menu is titled 'TRELLIVERSE' and includes a navigation bar with 'WINDOWS' and 'DOORS' options, both highlighted with a pink border. Below this, the menu is organized into sections: 'PRODUCT RANGE' with four options (Trojan TX Windows, Trojan Classic Windows, Griffinguard Windows, Shutterview SD Windows); 'MODEL RANGE' with five options (Single Slider, Single Flexi, Double Slider, Double Flexi, Fixture); 'COLOUR RANGE' with seven color swatches (Matte White, Matte Black, Matte Bronze, Matte Sand, Matte Aluminium, Matte Light, Matte Charcoal); and 'FUNCTIONS & CAMERA VIEW' with four icons (Open, Close, Side view, Front view) and a 'Logout' button at the bottom right.

Select what **product range** you would to view.

The screenshot shows the Treliverse website interface. At the top, there is a navigation bar with the Treliverse logo and the text 'TRELLIVERSE'. Below this, there are two main categories: 'WINDOWS' and 'DOORS'. The 'DOORS' category is currently selected. Underneath, there is a 'PRODUCT RANGE' section with four options: 'Trojan TX Windows', 'Trojan Classic Windows', 'Griffinguard Windows', and 'Shutterview SD Windows'. Below that is a 'MODEL RANGE' section with five options: 'Single Slider', 'Single Flexi', 'Double Slider', 'Double Flexi', and 'Fixture'. The 'COLOUR RANGE' section shows seven color swatches: 'Matte White', 'Matte Black', 'Matte Bronze', 'Matte Sand', 'Matte Aluminium', 'Matte Light', and 'Matte Charcoal'. At the bottom, there is a 'FUNCTIONS & CAMERA VIEW' section with icons for 'Open', 'Close', 'Side view', and 'Front view', along with a 'Logout' button.

Based on the product range you have selected above, you will notice types of **model ranges** in this section.

Once you've selected one of the model range, the product will appear on the window.

The screenshot shows the Treliverse website interface. At the top, there is a navigation bar with the Treliverse logo and the text 'TRELLIVERSE'. Below this, there are two main categories: 'WINDOWS' and 'DOORS'. Under 'WINDOWS', there is a 'PRODUCT RANGE' section with four options: 'Trojan TX Windows', 'Trojan Classic Windows', 'Griffinguard Windows', and 'Shutterview SD Windows'. Below this is a 'MODEL RANGE' section with five options: 'Single Slider', 'Single Flexi', 'Double Slider', 'Double Flexi', and 'Fixture'. The 'MODEL RANGE' section is highlighted with a pink border. Below the 'MODEL RANGE' section is a 'COLOUR RANGE' section with seven color swatches: 'Matte White', 'Matte Black', 'Matte Bronze', 'Matte Sand', 'Matte Aluminium', 'Matte Light', and 'Matte Charcoal'. At the bottom, there is a 'FUNCTIONS & CAMERA VIEW' section with four icons: 'Open', 'Close', 'Side view', and 'Front view'. There is also a 'Logout' button.

Select any colour from the **colour swatch**. The product will visually change colours.

## STEP 4

Click on the **Exit Button** to exit the program entirely.

# Trellidor Gallery App

[LIVE LINK](#)

## STEP 1

Open your phones web browser (e.g. Chrome, Safari, Firefox) and navigate to the 'Trellidor Gallery App' via the [link](#).

## STEP 2

Once you're on the site, look for a prompt or notification that says "Add Trellidor Gallery App to your Home Screen". This may appear as a banner or pop-up window. Click the ***Install App*** button to start installing the web app.

## STEP 3

If you don't see a prompt or notification, navigate to the [install](https://gallery.trellidor.co.za/install/) link <https://gallery.trellidor.co.za/install/>, and click on the install button, this may take some time to appear depending on your connection so if you don't see it at first wait a while.

## STEP 4

The **PWA** (Progressive Web Application), also referred to as the ‘**Trellidor Gallery App**’, will begin downloading and installing on your device. This may take a few moments depending on your internet connection. On IOS devices, you may be presented with extra steps to follow in order to Install the app on your device, follow these steps prompted by your device after clicking the ‘Install’ button.

## STEP 5

Once the installation is complete, you should see a new app icon on your device's home screen.

Click on the icon to launch the 'Trellidor Gallery App'. It should open in a separate window or tab, just like a native app.

## STEP 6

You can now use the 'Trellidor Gallery App' like any other app on your device, even when you're offline. Please note that some functionality may not work while you're offline, e.g. the 'search bar', as this requires a connection to the server in order to display results.

## STEP 7

The 'Trellidor Gallery App' features a filter button, which can be used to quickly access a certain category of your choice, please note that only the categories that you visit while connected to the internet will be available to view offline.

Navigate to the image and video categories and make sure you open up the images and play the videos while connected to the internet first before trying to view them offline.

## STEP 8

After viewing the images and playing the videos, these items will get stored in your browsers/app cache and will be available for you to view offline, please note that only the images and videos that you have viewed while connected to the internet will be available to view offline.

When there are any updates to the images or videos on the app, in order to view these, you will first need to open up your browser on your mobile device and clear your cache. Once done you can open up the app and you will be able to see the latest updates.

## STEP 9

The last feature is the quick links button located on the bottom right-hand side of the app.

This button provides 2 features:

1. Back button- to go back a page
2. Scroll to the top button which allows you to scroll back up the page.

# Configuration GIF's

## STILL LOOKING FOR MORE TOOLS?

We have reconfigured the product configuration videos into easy-to-share GIF's. Over **101 Configuration GIFS** are now available.

You can find the full library of available GIF's on the Trellidor Information SharePoint:  
**Link:** [Configuration GIF videos](#) / **OR**  
**Navigate:** Trellidor Information > Documents > Marketing

Perfect to  or attach to an  to a client for easy reference.
